530-233-2766

**Agreement between Cal Pines CSD and P.O.A
For Deer Springs**

Return and sign as of January 1, 2022

This states the P.O.A must keep snow removed from the parking lot and in front of the department doors when there is over a 4 inch build up. This is so Deer Springs emergency equipment can be accessed at all times and the parking lot be used for staging area for any emergency on the hill units.

Cal Pines CSD will let the P.O.A plug in both grader and tractor on a daily basis for up to 4 hours a day. All equipment must be on a timer and not use electricity for all 24 hours of the day.
